

# DH40MR

## SDS-Max Rotary Demolition Hammer

All Hitachi Hammers conform to the  
EC Noise Directive 2000/14/EC

- 950W motor
- Fastest drilling speed in its class
- Low vibration level of only 8.9 m/s<sup>2</sup>
- High impact energy of 10 Joules
- Variable speed with constant speed control
- Low noise, low vibration design
- Two mode action (rotary hammer drilling and hammer only) with neutral position
- Auto-stop carbon brushes
- Soft touch handles
- Multi-position bit lock
- Variable lock mechanism (12 stages) for chiselling

Part No	Bit Shank	Full load Speed	Full Load Impact Rate	Impact Energy	Capacity in Concrete		Weight
