

DS14DFL/DS18DFL **14.4V/18V Drill/Drivers**

New drill/drivers with all new Lithium Ion batteries

- Long life - unique protection circuit gives up to 1300 battery cycles
- Light weight - 40% lighter than NiCad batteries
- Standard battery fitting, compatible with existing Hitachi cordless tools
- High maximum torque
- Handy belt hook with bit holder
- 13mm keyless chuck
- Two speed gearbox
- Variable speed & reverse
- Soft grip handle
- Fan cooled charger with 20 minute charge time

**Li-ion
BATTERY**

Standard Accessories

- Two 1.5Ah Li-Ion batteries
- UC18YRL fan cooled charger
- Driver bit
- Carrying case

Model Number	No-load Speed		Maximum Torque	Capacity		Overall Length	Weight
	Low	High		Steel	Wood		
DS14DFL	0-400/min	0-1200/min	31Nm	12mm	30mm	210mm	1.6kg
DS18DFL	0-400/min	0-1200/min	41Nm	13mm	36mm	220mm	1.7kg

NOTE:

Hitachi Li-Ion batteries hold their charge for longer, which means there is no discernible loss of performance throughout the battery charge. The user should be aware that the machine may cut out when the battery needs recharging or is overloaded. This is not a battery fault; the new technology protects the battery cells, giving extended charging cycles when compared to previous battery technology.

Specification is subject to change without notice.
