

# **DS14DL/DS18DL** **14.4V/18V Drill/Drivers**

## **High spec drill/drivers with all new Lithium Ion batteries**

- Long life - unique protection circuit gives up to 1300 battery cycles
- Light weight - 40% lighter than Ni-MH batteries
- Standard battery fitting, compatible with existing Hitachi cordless tools
- 'Save power' mode reduces power to 55% - ideal for drilling smaller holes
- High maximum torque
- Handy belt hook incorporating LED spotlight
- Single sleeve metal chuck with ratcheting lock
- Spindle lock for greater control with screwdriving
- Fan cooled charger extends battery life

## **Standard Accessories**

- Two 3.0Ah Li-Ion batteries
- UC18YRL fan cooled charger
- Side handle (DS18DL only)
- Driver bit
- Carrying case

**Li-ion  
BATTERY**
